

A Special Invitation from Dawn Zurlinden
Follow your heart to the ancient
Toltec city of Teotihuacan!

November 17-22, 2009

Join me on this life-changing journey.

Teotihuacan is a powerful sacred site of ancient pyramids in central Mexico. It was the center of the Toltec civilization. "Toltec" means artist. In Teo, Toltec Masters practiced and taught students how to liberate themselves from confining lives and how to create lives of excitement, love and peace - "masterpeace". Today, Teo is again alive and open to meet your emerging spirit.

This journey is deeply personal, unique to each traveler, and connective at the same time. We will walk down the Avenue of the Dead, Dream with the Masters, step through portals to freedom and climb the Pyramid of the Sun to the Truth of love.

Dawn was originally brought to Teotihuacan by Toltec Master don Miquel Ruiz (author of *The Four Agreements*) and, there, broke through the illusion of limitation. She was then taught the arts of dreaming and seeing. She was encouraged to carry on the teachings of the Eagle Knight Lineage of don Miquel and bring to it her own light. She has been leading workshops and journeys for several years.

Price: \$1,295.00 - Includes lodging AND lovingly prepared regional cuisine at The Dreaming House, all teachings, transfers and site admissions (Does not include airfare).
